AWARD MESSAGE

Darryl took a call for support from me on an issue our customer was having on his VPLEX and after 4 days of trouble-shooting Darryl knew exactly what the issues was. He jumped in to help correct it thus allowing us to get the VPLEX back to a healthy state. His knowledge and experience level are outstanding and I personally wanted to make sure he is recognized for his excellent work in getting this done to make the customer extremely happy with getting it done today.
